Windsor, Ontario

PERSONAL PROFILE

Dynamic and self-motivated Software Developer with 5 years of professional experience in developing and maintaining both new and legacy systems. Proficient in C#, .NET and AWS, with a proven track record of building scalable software solutions. Recently relocated to Windsor, Ontario, from the UK and eager to contribute to a Canadian company. Fully authorized to work in Canada; no sponsorship required.

WORK EXPERIENCE

Software Developer

ao.com (October 2019 - June 2024)

One of the largest UK appliance & electrical retailers, with a 23/24 revenue of £1.1 billion.

- Built software and features using C#.
- Developed robust RESTful APIs, optimizing data flow between front-end services and back-end systems.
- Spearheaded the development of a Forward Order System, generating approximately £6 million annually.
- Designed and implemented user interfaces for internal systems, improving user experience and productivity.
- Collaborated with cross-functional teams in agile environments to deliver business-critical projects on time.
- Wrote unit tests and tested software for bugs.
- Responsible for on-call schedule for system maintenance and rapid response to outages, ensuring minimal downtime.
- Responsible for service desk ticket management.

Graphic Designer

ThinkPrint NW (June 2009 - July 2015)

 Delivered a range of design services, including logo creation and business stationary, while managing daily business operations.
